

Is Your Software Solution The Right Fit For Your Practice?

It's Time to Move Your Practice into the Next Century with **Smg** and Raintree Software...

Raintree Software from **Smg** Includes...

- **Electronic Medical Records (EMR)**
- **Patient Registration & Scheduling**
- **Billing and Collections**
- **Digital Document Imaging & Scanning**
- **Electronic Claims & Much More**

Smg understands that change is never easy. This can be especially true in expanding your practice. For the last **25 years Smg** has consistently provided health care providers with...**“The Total Software Solution You Will Never Outgrow”**.

Smg offers fully integrated Electronic Medical Records (EMR), Billing, Scheduling and a **“Total Software Solution”** that can be easily integrated into your growing practice. Our software programs are intuitive and easy to learn. Multiple locations can now be connected via the internet – with real time response. Our software is both powerful and flexible and fully HIPAA compliant. You can easily customize your own financial reports and create your own patient documentation forms.

Smg Billing Services – For those of you that would like to outsource your billing and collection services, **Smg** also offers **Smg Billing Services**, which provides complete and comprehensive billing to help you eliminate the constant frustration of dealing with insurance companies and collections.

Smg welcomes the opportunity to demonstrate how we can provide you with ...**“The Total Software Solution You Will Never Outgrow”**.
