

For The Total Solution... You Won't Outgrow!

With over 25 years experience in the Health Care automation, **Smg** is the leader in offering the total solution to the health care market.

The mission of **Smg** is to maximize productivity of your clinic by providing the highest quality and most powerful software, computer systems, support and services from one company. Quite simply, **Smg** provides...

The Total Software Solution You Will Never Outgrow!

Smg Electronic Medical Records - EMR

With Smg's EMR Module you can keep detailed medical history - lab results - scan documents, images, pictures, x-rays, etc. - vital signs - progress notes - immunization records - prescriptions - automatic procedure and diagnosis entry and much more. Smg's EMR allows you to easily change your documentation requirements as the need arises. SMG is able to customize our EMR Module to accommodate any type of clinic and specialized techniques.

Smg Raintree Software Products

Smg exclusively markets **RainTree Software Products**, which we back by with the best technical support in the industry. **Smg** provides a wide variety of turnkey software systems to the national health care market. These systems are unique because Raintree Software is the most powerful and yet the most easy-to-use.

Smg Electronic Billing

Electronic claim submission is ideal for clinics that do not want to incur the overhead expenses and wait time associated with preparing and submitting paper insurance claims. You can submit your claims direct or via **Smg Electronic Billing Services**.

Smg Online Services

Smg Online Services is a new and unique way for you to utilize Raintree Software, via the Internet, for a low monthly fee. There's no software to purchase, no updates to install, no daily backups to do, we take care of it all. All you do is click an icon on your desktop that connects you directly to **Smg** Online Internet Servers and Raintree Software.

Smg Network & Computer Services

Smg Network & Computer Services provides the expertise needed for the long-term success of your computer systems and network by offering assistance in all areas of computer configuration, network design, implementation, administration, security and overall network management.

Smg Training and Support

When you purchase from **Smg** you can rest easy in knowing that you backed by a support staff with over 25 years of computer experience in giving prompt and professional service and support to the health care community.

Smg Data Conversions

Smg can convert data from almost any software format to the Raintree Software format. If you are considering Raintree Software then **Smg** can eliminate the many hours required to re-input your data by doing a conversion of your existing data.

Smg Billing Services

Outsourcing your billing and collection services via **Smg Billing Services** eliminates the constant frustration of dealing with insurance companies. **Smg** improves your turnaround time on claims payment by utilizing extensive collection.
